

To whom it may concern:

I would gladly recommend
Ronnie Smith of the Trapping Department.
Eleven years ago we had flying squirrels
in our attic and he did a wonderful
job of ridding ~~of~~ us of the pests and
preventing any more infestations. He
is professional, returns phone calls
and is honest and up-front about what
must be done. He is very knowledgeable
about animals and the best methods
for trapping and removing them from homes.
We had grey squirrels recently - and
were pleased to call Ronnie - knowing he
was the man for the job. We appreciate
his knowledge, professionalism and the
way he conducts his business.
